2020-21 HIGH SCHOOL SUPPLY LIST - REVISED

We have updated this list as of 8/1/20 to reflect a few additions, given the health protocols in place this school year. Additions are noted in red. It is extremely important that students come to school each day and into every class prepared with all their own supplies, because they will not be able to share with one another.

- **GENERAL SUPPLIES:**
  - A means of note-taking and keeping assignments organized for each class. Students may prefer a notebook and folder for each class or binders with pocket folders and paper.
  - Loose leaf paper
  - Pens, pencils, highlighters
  - Backpack or bag

- **REQUIRED:**
  - **ALL:** A TI-84 Plus graphing calculator (any version: Silver, C Silver, or CE)
  - **9th graders** must use a planner. (Planners are recommended for other grade levels.) Students should have it with them at all times. Options:
    - A paper planner, which should have significant space for daily entries
    - A virtual calendar on your phone, laptop, or other device. You must have it with you at all times and you will need to use the Gmail calendar or a calendar app of some type
  - **ALL:** A personal-size dry-erase whiteboard with dry-erase markers and eraser. This should fit in students’ bag or backpack to be taken to classes with them.
  - **Students in Geometry and FST:** In addition to the item above, a personal-size dry erase board with graph paper lines. Some options, such as [this](#), have graph lines on one side and plain whiteboard on the other.
  - **Students in US History, AP US History, and Gender & Popular Music:** A set of earbuds or headphones that plug into a computer.
  - **Students in Spanish II and III:** 3 x 5 or 4 x 6 index cards.

- **REQUIRED:** Face mask and face shield. Students will wear masks (that cover nose/mouth and have a strap to attach to ears or head - no bandanas or gaiters) at all times while entering/leaving classrooms, in common spaces, outdoors if not 6’ apart, and in classrooms if not 6’ apart. When stationary in a classroom and sufficiently socially distant, students may choose to wear a clear face shield and then their masks may be removed. Face shields must cover the cheeks and extend below the chin.
● **RECOMMENDED:**
  ○ Laptop: We are not requiring that students purchase laptops, but if they own laptops, we strongly suggest that they bring their own devices. The School also has Chromebooks available for student use: the HP Chromebook Education Edition 11G6. Parents are welcome to purchase these for their child’s personal use if desired. [Here is a link to one online retailer that sells several different comparable models](https://www.yubbler.com/Yub/Details/28874); Parents may also purchase any other type of Chromebook or laptop with equivalent specs that can run Windows 10 or macOS Mojave (10.0 or newer).
  ○ Water Bottle: A wide-mouth reusable water bottle because water fountains will not be in use.

● **OPTIONAL NOTE:** This year, the Parent Association will offer some optional easy-to-order school supplies through Yubbler to our High Schoolers. If you’d like to get all or some of your school supplies via Yubbler and support the PA, please visit this site: [https://www.yubbler.com/Yub/Details/28874](https://www.yubbler.com/Yub/Details/28874).

As a reminder, all students should arrive on the first day of school with their summer reading and writing assignment complete.
